MEDICAL PLASTICS
DATA SERVICE
A Techno-Economic News Magazine For Medical Plastics,
Medical Devices, Diagnostics And Pharma Industry

Supporting Organizations

- Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST)
- Association of Indian Medical Industry (AiMeD)
- Kerala Startup Mission
- Terumo Penpol Pvt. Ltd.
- Rajiv Gandhi Centre for Biotechnology (RGCB)
- Indian Institute of Science Education & Research
- Kerala Life Sciences Industries Parks Pvt. Ltd. (KLIP)
- Kerala Medical Technology Consortium
- Kerala Plastics Manufacturers Association (KPMA)*
- HLL Life Care
- CSIR – National Institute for Interdisciplinary Science and Technology (NIIST)

HIGHLIGHTS

Day 1 Seminar	Day 2, Visit To Industry, Testing & Research Facility
Expert Presentations / Panel Discussions covering : <ul style="list-style-type: none"> • General Overview and Business Opportunities: • Introduction to Polymers & Plastics for Medical Applications • Developments & Opportunities in Medical Polymers • Medical Plastics Processing, Design & Development, Quality, Testing, Recycling 	Visit to Following Two Organizations <ol style="list-style-type: none"> 1. Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST). - To include : Biomedical Technology Wing Testing Laboratories, Prototype Development Centre, TiMeD (Technology Business Incubator). 2. HLL Lifecare Limited Center of Excellence R & D.

INTRODUCTION

The Medical Plastics industry is closely linked to the Medical Device Industry. The Indian Medical Plastics Industry is worth about US\$ 160 million as of 2019 and is expected to grow at a Compounded annual growth rate of 15.6% from 2020 to 2030.

Southern Indian States are emerging as Biotechnology/ Life Sciences destination in the country. Kerala is home to a vibrant and well educated people with the highest ratio of science graduates and technology professionals. The Kerala State Government is creating a vibrant Medical Device Industry Eco-system with the help of various initiatives including Medical Device Park, Start-up Mission for non-IT sectors as well as large number of incentives for the sector. The state already has an innovation eco-system .

OBJECTIVES

- To discuss the latest trends in the Medical Device and Medical Plastics Industry and the challenges in the areas of Technology, Material science, Testing and Policy framework.
- The opportunity for existing players to showcase their products and technology and to seek growth opportunities.
- To seek investments into the state and to attract new entrepreneurs in the sector

ORGANIZERS

INDIAN PLASTICS INSTITUTE (IPI)

The Indian Plastics Institute has been a leading Institute for education and technology training for the plastics industry in India for over 3 decades. The Institute has 16 active Chapters pan India.

MEDICAL PLASTICS DATA SERVICE

The co-host of the Conference is "Medical Plastics Data Service", a company providing information resources for Medical Technology and Markets through Publications, Internet Portals, Exhibitions, Conferences, training programs and Market Research since last 30 years.

SPEAKERS

- Industry Leaders & Experts from Medical Polymers, Medical Devices, Medical Packaging Frontline Companies.
- Policy Makers From Government and Public Sector Executives, Experts from Research and Academic Institutions.
- Technology, Services, Materials & Manufacturing Professionals, Consultants

EXPERT PRESENTATIONS / PANEL DISCUSSIONS HIGHLIGHTS

Keynote presentations, case studies and panel discussions by industry leaders with extensive knowledge of their respective industries and specialties.

WHO SHOULD PARTICIPATE?

All the people directly or indirectly associated with Plastics & Medical Devices Companies, Start-ups, Entrepreneurs interested in diversification & Industry Professionals.

*Confirmation Awaited

TWO DAY SEMINAR ON EMERGING TRENDS, INNOVATIONS AND OPPORTUNITIES IN PLASTICS/POLYMERS FOR MEDICAL DEVICES AND HEALTHCARE

Jan 21, 2023 Industry Visit (Optional and Limited Participation); Thiruvananthapuram

Introduction to Organisations to be visited

1. Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST)

SCTIMST is one of India's finest medical & scientific research institutions with a track record of successfully developing medical devices meeting international standards and making it available to patients at an affordable cost. The Institute has a tertiary referral hospital, a biomedical technology wing and a school of public health, all under same institutional framework. This amalgamation makes the Institute best suited for medical device technology innovation. SCTIMST-TIMed Technology Business Incubator is initiated by Sree Chitra Tirunal Institute for Medical Sciences and Technology, an Institute of National Importance created by an Act of Indian Parliament. SCTIMST-TIMed is the only one of its kind Technology Business Incubator focusing exclusively on medical devices and biomaterials sector. There is facility for transfer of technology and further support services for commercialization. The TIMed offers excellent support services such as world class laboratory facilities, Clean room spaces, Testing, validation and characterization services, training and mentorship, professional assistance in regulatory compliance, ethical clearance, clinical trials, Quality management systems etc. The 3 hour Immersion program will include the following.

- Visit will include the major facilities of TIMed at Bio-medical Technology wing, SCTIMST.
- Introduction to various support services being offered., Familiarization with various technologies developed and available for transfer, Product Translation Demonstrations.
- Interaction with experts from various disciplines.

2 HLL Lifecare Limited Center of Excellence R & D (HLL CRDC)

HLL CRDC is a state of the art Research centre for Bio-medical technology owned by Hindustan Life Care Limited. They are working in the area of Bio-medical devices and implants with the support of Department of Science and Technology, IIT Kanpur, Central Drug Research Institute and DRDO. They also have facilities for the manufacture of certain Bio-medical products and devices. The 2 Hour immersion program includes the following.

The visit will include : Visit to the facilities of HLL CRDC, Introduction to the new products developed and under development and Interaction with experts.

Deliverables

Event Sponsorship

- Exclusive positioning of company logo in event banners & promotion materials.
- MD/CEO to share thoughts during inaugural session.
- Speaker + 5 delegates
- Display Table
- Company catalogue distribution.
- Company profile & technical paper printed in IPI Journal

Platinum

- Speaker + 3 delegates
- Name In Banner behind the podium Display Table
- Company Catalogue distribution
- Technical paper printed In IPI Journal

Gold

- Speaker + 2 delegates
- Name in Banner behind the podium
- Company catalogue Distribution Technical paper printed in IPI Journal

Silver

- Speaker + 1 delegate
- Name in Banner
- Company Catalogue distribution
- Technical paper printed in IPI Journal

Table Space

- 1 delegate
- Company Catalogue distribution

Catalogue Distribution

We would ensure that your sponsorship would receive wide publicity in the plastic fraternity in India. Your support and active participation will carry more weightage and enhance the Image of the Conference.

Opportunity To Reach Indian Medical Plastics / Medical Device Companies : Company Profiles Of All Sponsors Will Be Published in Next issue of The Magazine Being Published Since Last 30 Years.

Looking forward to your early confirmation to support and for the sponsorship.
